

Call for Abstracts to Contributed volume (Finance):

'Market Frictions, Risk Management and Performance: New Challenges for Finance'

Guest Editors

João Leitão, University of Beira Interior & CEG-IST, University of Lisbon, Portugal

Zélia Serrasqueiro, University of Beira Interior & CEFAGE, Portugal

Manuela da Rocha Armada, University of Minho & NIPE, Portugal

Description

This book aims to contribute to the literature on risk management and performance, under the challenging context of market frictions characterized by high volatility and uncertainty. Some examples of relevant themes and research questions that might be considered for publication, include, although are not limited to, the following:

- Do shocks transmission can be regulated or arbitrated for being exploited as investment opportunities, under a high uncertainty context?
- Does competition mixed with high uncertainty harms or benefits the financial markets or corporate performance?
- Does small business finance play a critical role for recovering the macro financial stability?

Subjects coverage

This book is planned to trace an original overview on the relationship between competition and performance, with high uncertainty and volatility. It is organized for providing analyses of international cases on risk management and performance. For accomplishing this positioning, both empirical applications on aggregate and corporate level may be considered. Examples of suitable topics are:

1. Competition
2. Interdependence
3. Market frictions
4. Performance
5. Risk management
6. Small business finance

Important dates:

Submission of abstracts*: December 16, 2016

First notification to authors: December 30, 2016

Submission of chapters: February 24, 2017

Final notification: March 24, 2017

***Abstract preparation:**

Please indicate the affiliation(s) of the author(s) and the email of the contacting author. Maximum dimension of the abstract: 300 words + 5 keywords + JEL Classification codes + References (do not count for the maximum dimension).

Submission process:

Interested authors, please send your abstract until December 16, 2016 to João Leitão <jleitao@ubi.pt>; Zélia Serrasqueiro <zelia@ubi.pt>; and Manuel da Rocha Armada <rarmada@eeg.uminho.pt>.

Each chapter will be evaluated by at least two academic and professional peers on related themes in a blind mode for assessing an editorial decision among: accepted, conditioned or rejected chapter. Conditioned chapters will have an additional opportunity for being improved and evaluated. In the second round evaluation for the conditioned chapters, a definitive editorial decision among: accepted or rejected will be reported. All of the accepted chapters must be submitted according to the Editorial publishing format rules timely. Instructions for authors can be downloaded at the following web links:
