

EUROPEAN FINANCIAL MANAGEMENT

Dear Colleagues,

We hope you are all safe and well.

Once again, our congratulations on having your paper accepted for EFMA2020 in Dublin on 24th to 27th June.

Apologies for the delay in providing you with an update regarding the status of the EFMA2020 Meetings in June as a result of the COVID-19 virus.

Unfortunately, it has now become clear that the Conference will not now happen due to travel restrictions and associated constraints around the ability to gather in large groups. Irish government advice is that such restrictions will extend beyond the period scheduled for the Conference to take place and therefore our decision is unavoidable.

We very much regret having to take this cancellation decision and wish you all well during this most difficult of circumstances.

The EFMA conference will be held in 2021 as planned and if you have already registered for the 2020 conference, your EFMA2021 registration fee will be waived or you can use it to cover your paper submission fee of the European Financial Management (EFM) journal for the next 12-15 months.

King regards,

EFMA Board
