FORUM OVERVIEW

Capital Link's 17th Annual Greek Investor Forum will take place at the Metropolitan Club in New York City on Monday, December 14, 2015. Greece has been going through a time of unprecedented difficulty and change, as the country restructures its economy and strives to embark on a period of renewed growth and stability. A lot of progress has been achieved, but there are still significant challenges ahead. Developments in Greece have far reaching implications for the European Union and the global economy.

This Forum will provide the audience with a unique blend of informational, marketing and networking opportunities. December marks the 17 year milestone of Capital Link's commitment to raising awareness about Greece as an investment destination, to a wider investor universe.

Held in cooperation with **the New York Stock Exchange**, this Forum is a collaborative event. Major global investment banks, as well as U.S. and international organizations allow Capital Link to provide forum participants with a comprehensive review of government reforms, policies, and objectives. Looking to the future, it will underscore both new and ongoing government and private sector initiatives meant to attract direct investment in Greece. An extensive network of key businesses, companies, investment communities, and government officials will also be at attendees' disposal as will speakers, sponsors, and guests. In doing so, Capital Link remains committed to its aim of raising awareness about Greece as an investment destination to a wider investor audience.
